straight side walls
aluminum

base 4
angled side walls
aluminum

base 5
four legs
steel with corrosion protection

Please indicate in your order:

Note:

When ordering, please indicate that it is the Outdoor version.

Some components of the table are adapted to the requirements for outdoor use.

For reasons of stability, we recommend base 4 for not extendable tables of 260 cm length or longer.

For soft stones and stones that are "conditionally suitable for outdoor use" we recommend a cover for the winter season.
