

MANOLO

Model No. 1370

DESIGN STEPHAN VEIT

An ensemble consisting of coffee and side tables, which implements a very aesthetical vision: the use of natural stone as a filigree design element for the living areas. The stone table top appears vaguely because of the flowing soft edge. This creates a very gentle silhouette. Manolo is available in all natural stone types. The pedestal of bent round steel is available in dark bronze laminated or lacquered in many color variants.
