

DAN STAR BASE

Model No. 2044.1

DESIGN WOLFGANG C. R. MEZGER

This shell chair leaves nothing to be desired in regard to the seating comfort. The slightly flexible backrest and an additionally inserted seat cushion provide comfortable snugness. The casual drapery guarantees relaxed seating pleasure and formal finesse. Thanks to the use of four different types of fabric collections, there are now even more design options, leather and fabric combined or completely in one material. The chair family has been complemented by another chair frame: in addition to the die-cast aluminum cross base and the four-legged chair, DAN is now also available with a rotatable star base.

Model type	Frame	Size
	aluminum star base coated black with PVC glides (standard) or felt glides	W - D - H approx. in cm
2044.1 shell chair rotatable seat leather or/and fabric with drapery		59 x 60 x 82,5 seat height 48 seat depth 45
