

# LEAF

---

Model No. 2081

## DESIGN GINO CAROLLO

Leaf is a bar stool with exceptional stylistic elements. The invisible transition from the adumbrated seat shell to the footrest gives the Leaf a particular silhouette. The leather used for the seat can also be chosen for covering the chalice and the lifting element - according to the customer's taste. Smooth handling is essential for a bar stool for both private and office purposes. The seat rotates and is continuously adjustable in height. The footbar is made of durable stainless steel.
