## Press information

### 1372 MOVE

Coffee table of natural stone, with function  
Design Stephan Veit, 2025

MOVE is more than just a coffee table – it is a statement of style, quality, and effortless movement. With its elegant design and the sophistication typical of DRAENERT, it combines design and function in a sensually light way. The upper tabletop can be swung out with a gentle movement and also rotated—almost as if by itself. The result is a piece of furniture that intuitively adapts to every moment.

Two elegant natural stone tops give MOVE its unique charisma. The harmonious ensemble is supported by an elegant, cone-shaped central base made of metal. It gives the table its grounding stability and at the same time contributes to its graceful lightness.

The coffee table is available in two sizes, offering flexibility for a wide variety of room concepts - a real highlight for any living room that combines design and mobility at the highest level.

FURTHER INFORMATION: e.g., dimensions and material options, see "Data Sheet"
